

SRS ViVA 1 special F eco

Special High Performance Low Friction Engine Oil

June 2019

Characteristics

SRS ViVA 1 special F eco is a high performance low friction 5W-20 engine oil based on modern synthetic technology.

Excellent low temperature flow characteristics protect optimal the engine during the cold starting. Extreme loads and high temperatures are safely handled under all operating conditions. It ensures very high wear protection and lower friction losses (HTHS < 3.5 mPa s). SRS ViVA 1 special F eco contributes through its high fuel economy and reduction of emissions to protect the environment.

Application

SRS ViVA 1 special F eco is a top quality for passenger car gasoline Ford EcoBoost engines of the Ford specification WSS-M2C948-B and corresponds to the earlier ACEA A1/B1.
